

## CHAIN & BAR OIL

BOSS Chain and Bar oils come in 2 grades for year round applications. Formulated from high quality base stocks and technologically advanced additives for outstanding performance and equipment longevity. These oils contain an effective tackiness agent that improves adhesion to equipment, as well as special friction, rust and corrosion and wear reducing additives. It is developed for use in modern chain saws used in the logging industry as well other industrial users. Dyed red/amber to easily identify coverage and can be applied by hand or with an automatic oiler.
